INTERSTELLAR ALLIANCE SOCIAL EXPERIMENT
STEP 4

Copy the Interstellar Alliance ID card on page 2 into your computer, add your color photo and fill out the remainder of the card by typing or hand-printing the region, city, and your name. Then add your signature under the photo. The photo should be similar to a passport, driver's license, or other typical ID card photo.

Have the completed card printed in color on heavy paper stock, such as 80 or 100 pound stock. It should be printed out in the dimensions of a standard credit card or business card: 3 3/8 inches by 2 1/8 inches. Cut the card out and carry it with you at all times, just as you would any other ID card.

Present the Interstellar Alliance ID card, along with your regular ID card when ID is required and where appropriate, in order to establish familiarity with I.A. ID cards in the general public over time.

If asked what it is, remember to simply state that the card is part of a social experiment in which you are participating. If they wish to know more, please refer them to the bashar.org website where they can find the streaming event recordings that present the different steps of the Interstellar Alliance Social Experiment.

Regions are as follows:

North America
Central America
South America
Europe
Asia
Australia
Pacific Territories
Atlantic Territories
Antarctica

The City category can be cities, towns, villages, or established communities. States or Provinces are recognized as local geographical areas and not as political entities by the Interstellar Alliance.
